

TOT: Research for Measuring Impact of Development Projects

Dates: May 10-12, 2017 (Last date—May 05, 2017)

[Introduction](#)

[Download Brochure](#)

Have you ever noted that each dollar spent by donors is required to be translated into measurable change—this is the key requirement from donors but a single strategy cannot be applicable to measure all changes caused by donors' funds. This training program is therefore designed to make it possible for development professionals to get introduced with variety of available methods & methodologies, their associated tools & limitations and mechanism to report change. This is a 3-day training program and aimed to provide a comprehensive overview of contemporary methods.

Research Analytics International (RAI) is continuously developing training programs that evolves as per new approaches being adopted internationally. The emphasis is to share most successful modules that are developed and their evidence can be witnessed in development literature. This training will emphasis on learning through engagement and interactive group methodology will be adopted to maximize learning outcomes.

CONTENTS

The contents are given below by single day, however, the contents can overlay between days. All given sessions will be covered.

Day 1 (May 10, 2017)

1. Fundamentals of development research
 - a. Why, when and how? An Overview
2. Research process
 - a. Design and time
 - b. Interconnection between research design and projects' lives
3. Contemporary Applied Research (Evaluation) Designs
 - a. Comparing Baselines and End-lines

- b. Impact evaluations, randomized control trials
- c. Non-equivalent group designs
 - i. Quasi experimental Designs
- 4. Technical essentials of a research design
 - a. Sources of Data
 - b. Primary and Secondary data
 - c. Sampling (detailed methods)
 - d. Sample calculations (for non-experimental research)

Day 2 (May 11, 2017)

1. Sample calculation and Design (Special case of Impact Evolutions)
 - a. Power calculation
2. Indicators and their characteristics
 - a. Input, output indicators
 - b. Results and impact indicators
 - c. Objective related and context related indicators
3. Data Collection, Representation, and Generalization
 - a. Does data collection strategy meet program objectives?

Day 3 (May 12, 2017)

1. Data Analysis tools
2. Introducing SPSS and Data Analysis
 - a. How it works and how to manipulate the data?
 - b. Generating variables
3. T test and ANOVA (MANOVA)
4. Hypothesis testing
5. Regression Analysis

IMPORTANT DATES

The training will hold from **May 10-12, 2017** at Islamabad. Last date to register is **May 05, 2017**. *Note: We encourage to apply well on time before last date as waiting for last date may risk you chance to be part of this technical training workshop.*

Training fee and discounts

Training fee for one participant (for International Organizations) is PKR. 26,900/=; PKR. 23,900 for National/Government Organizations; and PKR. 19,900 for Local Organizations/Individuals. Member

organizations are entitled to flat 15% fee waive. For membership, [contact us:](#)

For International Applicants, the fee is US\$ 500 (US\$ 400 for Afghanistan and Nepal).

This fee includes training material, trainers' fee, certificates, lunch and refreshment and only withholding tax. This also includes one-month free consultation after training. Following are the discounts applicable. GST applies.

- ✓ 5% discount for early bird registration with payment (30 April 2017)
- ✓ 5% discount for 2 to 3 participants from same organization
- ✓ 7% discount for registration of 4 trainees from same organization
- ✓ One participation free on registration of five or more participants from same organization (discounts are mutually exclusive).

The fee can be paid by the following methods:

1. Online Deposits at UBL (Branch code: 1155)—School Road, Islamabad
Branch: Acc. # 000203686098
2. Cross Cheque: Account Title: "Research Analytics International"
3. Pay order/demand draft for "Research Analytics International"

How to register with us?

Registering with Research Analytics International Inc. is easiest. You can put an email at trainings@researchanalyticsintl.org and call us at +92 51 8444297, 2806093 (Landline) and on +92 0332-4311333 (mobile). Training can be registered also at www.researchanalyticsintl.org/course_register.php. To get more information regarding other training programs, please keep visiting at [Training Page](#) and [Facebook Page](#).
